HD Lifetime(SM) 6 Plus with Lifetime Income Accelerator
Values as of December 6, 2024

Annual Income Amount: \$10,685.88

You have elected HD Lifetime(SM) 6 Plus with Lifetime Income Accelerator, an optional benefit designed to provide you with lifetime income. When you took your first Lifetime Withdrawal, you exercised the HD Lifetime(SM) 6 Plus with Lifetime Income Accelerator benefit. As a result your Annual Income Amount is equal to \$10,685.88. If you do not exceed your Annual Income Amount in any annuity year, your guaranteed lifetime income will never be less than \$10,685.88 per annuity year.

As of 12/06/2024, your remaining Annual Income Amount for the current annuity year is \$1,780.98. Any withdrawals that exceed your remaining Annual Income Amount will result in a permanent reduction to your future Annual Income Amount (except with regard to Required Minimum Distributions for this Annuity that comply with our rules). Please review any withdrawal programs you may be participating in and consider the remaining Annual Income Amount when requesting withdrawals for the remainder of the annuity year.

The Annual Income Amount and remaining Annual Income Amount do not reflect the Lifetime Income Accelerator value; that amount will be determined when you become eligible for this feature.

Special Notices

Re: Transfer of Funds Due to Fund Merger

This confirmation reflects the transfer of funds allocated to your account as a result of an approved Fund Merger that was completed on December 9, 2024 (effective date). Any funds that you had allocated to the target fund(s) were automatically moved to the acquiring fund(s) at the close of business on December 6, 2024. You can find details in the Investment Transaction Activity section of this document.

Within the 60-day period from the effective date of the Fund Merger, you have the opportunity to transfer the amount that was automatically moved due to the Fund Merger at the current account value at the time you transfer to the new fund. A transfer(s) can be made to another available investment option within your annuity and would occur without charge and would not count as one of your annual free transfers. After February 7, 2025, any transfers out of the acquiring fund(s) may be subject to transfer fees, if applicable.

If you have questions or need help choosing investment options, please contact your financial professional or call our Annuities Service Center. Thank you for choosing Prudential for your financial needs. Please review your confirmation and contact us within 30 days if you find any information that you believe to be inaccurate.

Your Benefits (continued)

Please note that as of 03/31/2024, your remaining Annual Income Amount for the current annuity year is \$8,904.90. The Annual Income Amount and remaining Annual Income Amount do not reflect the Lifetime Income Accelerator value; that amount will be determined when you become eligible for this feature.

Please note if your Account Value is reduced to zero as a result of withdrawals, or annuity payments are being made, the death benefit will be reduced to zero and the death benefit will not be payable.

In order to manage your HD Lifetime(SM) 6 Plus with Lifetime Income Accelerator living benefit guarantee through all market cycles, each business day our mathematical formula determines if any portion of your Account Value should be transferred to or from the AST Investment Grade Bond Portfolio (the "Bond Portfolio"). Amounts transferred by the formula depend on a number of factors unique to your annuity and include: (i) the difference between your Account Value and the Protected Withdrawal Value; (ii) how long you have owned HD Lifetime(SM) 6 Plus with Lifetime Income Accelerator; (iii) the amount allocated to, and the performance of, the Permitted Sub-accounts; (iv) the amount allocated to, and the performance of the Bond Portfolio; and (v) the impact of additional purchase payments made to and withdrawals taken from the annuity. Therefore, at any given time, some, none, or most of your Account Value may be allocated to the Bond Portfolio. If you make additional Purchase Payments to your Annuity, they will be allocated according to your allocation instructions. Once they are allocated to your Annuity, they will also be subject to the mathematical formula and therefore may be transferred to the Bond Portfolio, if dictated by the formula. Any Account Value in the Bond Portfolio will not be available to participate in the investment experience of the Permitted Sub-accounts if there is a subsequent market recovery until it is transferred out of the Bond Portfolio. Please see your contract and prospectus for complete details and/or contact your financial professional.

Annuity Death Benefit (Net)

\$85,546.33

The Annuity Death Benefit amount shown above is the greatest of all applicable death benefits on your contract as of this statement date. This value may fluctuate and may be affected by any ownership or annuitant changes on your contract. The Annuity Death Benefit, shown as a Net amount, does not reflect any Purchase Credits subject to recapture, if applicable, according to state and product limitations. If the Annuity contract is owned by more than one individual, the Annuity Death Benefit shown is based on the oldest designated Owner. If the Annuity is owned by an entity, the Annuity Death Benefit shown is based on the designated Annuitant. For more information on specific scenarios and how benefit values are calculated, please review the terms and conditions detailed in your contract and/or prospectus.

Explanation of Surcharges

Verizon wireless surcharges include (i) a Regulatory Charge (which helps defray various government charges we pay including government number administration and license fees); (ii) a Federal Universal Service Charge (and, if applicable, a State Universal Service Charge) to recover charges imposed on us by the government to support universal service; and (iii) an Administrative and Telco Recovery Charge, which helps defray and recover certain direct and indirect costs we or our agents incur, including:

- (a) costs of complying with regulatory and industry obligations and programs, such as E911, wireless local number portability and wireless tower mandate costs;
- (b) property taxes; and
- (c) costs associated with our network, including facilities (e.g. leases), operations, maintenance and protection, and costs paid to other companies for network services.

Please note that these are Verizon wireless charges, not taxes or government imposed fees. These charges, and what's included, are subject to change from time to time.
